

产品聚焦

- 1.缝料适用性广，能薄能厚
- 2.封闭式油盘自动润滑系统，避免缝料油污
- 3.触控液晶屏，USB接口，操作更方便

Product Focus:

- 1.Applicable for light and heavy material, wide adaptability for material
- 2.Closed oil pan automatic lubrication system to avoid material oil contamination
- 3.Touch LCD screen, USB interface, and more convenient operation

技术特点

- 1.电机控制针距，实现了多线迹缝纫
- 2.电机的控制自动抬压脚功能，声音更轻，抬压脚更快捷
- 3.电机控制双动刀剪线，线头短，免去修剪线头工序

Technical Features:

- 1.The motor controls the stitch length to achieve multi-thread stitch sewing
- 2.The motor controls automatic presser foot lifter function, the sound is lighter, and the presser foot lifting is quicker.
- 3.The motor controls double moving knife trimming, short thread remaining, eliminating the process of trimming the remaining thread
